**Pomona**

Mrs. Myrtle Taylor Benedict, wife of Carlton Benedict, and daughter of Mr. and Mrs. James Taylor, died August 11th, after an illness of several days. The funeral was conducted at the home of the deceased August 12th, by Rev. W. E. Wheeler, and the remains were laid to rest in the Pomona cemetery. Mrs. Benedict, who was of an unusually sweet and lovable disposition, was still in the early morning of her youth, being only in her eighteenth year, and a bride of less than a year. She had been a member of the Congregational church since she was fourteen. The blow is indeed a heavy one to the young husband and parents; and all unite in extending to the bereaved ones their deepest sympathy.

One of the most successful school terms in years is now in progress in Pomona under the capable management of Miss Dora Hamby. There is an enrollment of about fifty with a good attendance. Miss Hamby is at home during the school term with Mr. and Mrs. Frank Graham.

**Monterey.**

Schools of Putnam county have been in session for the last three weeks. "Fessor" Stephens wields the birch at the University of Meadow Creek. Schools will be five months long.

Mrs. Pearl Edridge, wife of Reese Edridge, made a desperate attempt to commit suicide Friday morning by slashing her throat with a razor. Three ugly gashes were inflicted, one of which it is stated severed the windpipe. But little hope is entertained for her recovery. Brooding over religious matters is the motive assigned for the rash act. She is the daughter of Sam Verble, a farmer living north of town. Mr. Verble was formerly a deputy sheriff of the county.

His Satanic Majesty has probably had more shrapnel exploded in his camps here at Monterey this summer than at any other time in the history of the town. Every church in town has had its machine guns turned in the direction of this Satanic Majesty's trenches and all claim to have snatched some souls from the sizzling embers. But probably the Pentecostal church of the Nazarene rescued the largest number, having had more than a hundred conversions. Two preachers of the Mormon church even stopped in town long enough Saturday evening on the streets to hurl a few broadsides in the direction of the fireworks. After making the delivery they quickly hoisted sail and have away toward Salt Lake City.

The Fourteenth Civil District of Putnam county of which Monterey is the nucleus, is just now in the midst of a great political upheaval all because the bondsmen gave the old constable up a few days ago, which makes it necessary for the voters of the district to choose his successor. Several candidates are already in the field. With this constable's race on hand, Luke Lea, Ham Patterson et al's shelling the woods for the senatorial toga, and Kaiser Bill threatening to make the Russian bear jump off into the waters of the Pacific ocean, we're impelled to throw up our hands in holy horror and exclaim: "From the snares of the politicians and the shells of the Germans, may the good Lord deliver us!"

Owing to the extreme high prices of all kinds of food products last winter, nearly everybody here early in the spring decided they would raise everything they possibly could in the way of a garden. Divine providence all along the season kept the garden judiciously moistened with the offering from Jupiter Pluvius, and now these afore mentioned gardeners are sitting back on their pastur joints like an eastern potentate gnawing roasting ears, eating "taters", beans and other garden "sass" and halfway believe that this old world after all is not such a bad place as some of the pessimists would make us believe it is.
